

# Getting started with NAASA Securities TMS

Visit <https://x.naasasecurities.com.np/> to login into TMS.

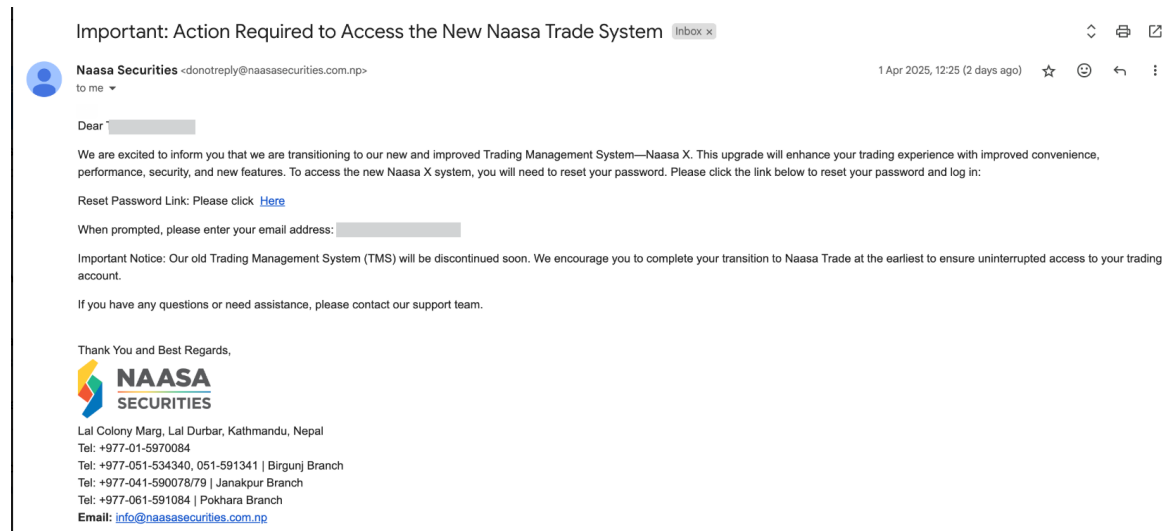

If you don't have a TMS account, simply click **the Start** button to create your NAASA ID.

The screenshot shows the NAASA X website interface. On the left, the NAASA X logo is displayed above the text "Your One-Stop Trading Solution!". Below this, a message states "Naasa X: The Future of Trading is set to ignite your trading journey like never before." and "Experience a cross-platform, secure, and powerful trading portal available on Web, Mobile, and Desktop." A "Start" button is highlighted with a red circle. At the bottom left, there are icons for Google Play and the App Store. On the right, a "Login" form is shown with fields for "Email" (with the placeholder "Enter Your Email") and "Password" (with the placeholder "Enter Your Password" and a toggle for visibility). There is a "Remember me" checkbox and a "Forgot Password?" link. A green "Sign In" button is at the bottom of the form.

Once registered, you can use your registered **email ID & password** to log in to KYC system. After KYC process is completed, it will be duly approved by NAASA.

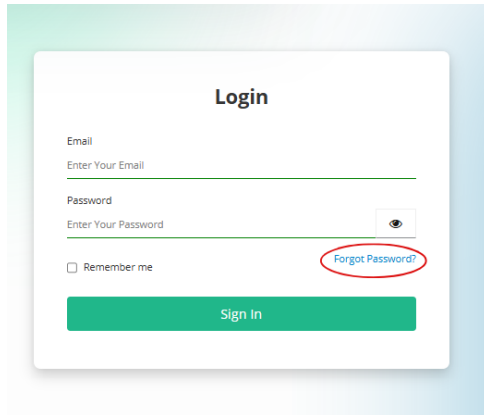

After your registration process is completed, you will receive an email. Click on the **Reset Password Link: Please click Here.**

The screenshot shows an email from Naasa Securities. The subject is "Important: Action Required to Access the New Naasa Trade System". The email body contains the following text: "Dear [redacted], We are excited to inform you that we are transitioning to our new and improved Trading Management System—Naasa X. This upgrade will enhance your trading experience with improved convenience, performance, security, and new features. To access the new Naasa X system, you will need to reset your password. Please click the link below to reset your password and log in: Reset Password Link: Please click [Here](#). When prompted, please enter your email address: [redacted]. Important Notice: Our old Trading Management System (TMS) will be discontinued soon. We encourage you to complete your transition to Naasa Trade at the earliest to ensure uninterrupted access to your trading account. If you have any questions or need assistance, please contact our support team." The email concludes with "Thank You and Best Regards," followed by the NAASA SECURITIES logo and contact information: "Lal Colony Marg, Lal Durbar, Kathmandu, Nepal", "Tel: +977-01-5970084", "Tel: +977-051-534340, 051-591341 | Birgunj Branch", "Tel: +977-041-590078/79 | Janakpur Branch", "Tel: +977-061-591084 | Pokhara Branch", and "Email: [info@naasasecurities.com.np](mailto:info@naasasecurities.com.np)".

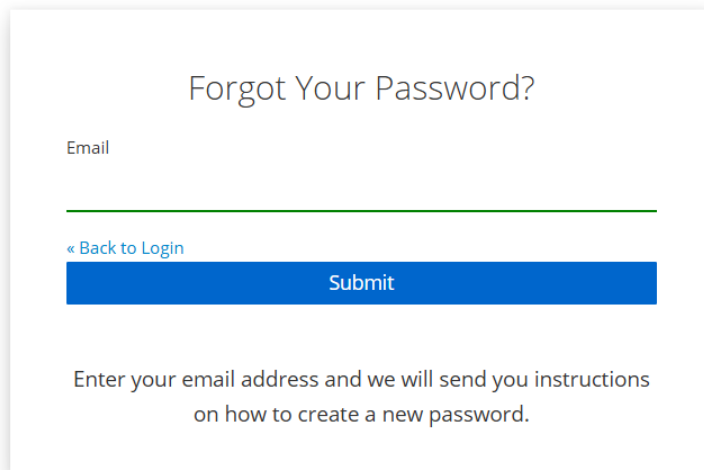

**For Existing customers**, to change your password,

Visit <https://x.naasasecurities.com.np> & click on **Forgot Password**

The image shows a login form titled "Login". It contains two input fields: "Email" with the placeholder "Enter Your Email" and "Password" with the placeholder "Enter Your Password". There is a "Remember me" checkbox and a "Forgot Password?" link circled in red. A green "Sign In" button is at the bottom.

Enter your email address.

The image shows a page titled "Forgot Your Password?". It has an "Email" input field with a green underline. Below the input field is a blue "« Back to Login" link and a blue "Submit" button. At the bottom, there is a message: "Enter your email address and we will send you instructions on how to create a new password."

You will receive reset link in your registered email inbox (Email ID that was used to Create KYC/ existing TMS system).

## Home Page

In the top left corner of the dashboard, you'll find real-time updates on the NEPSE, Sensitive Index, Turnover, and Volume.

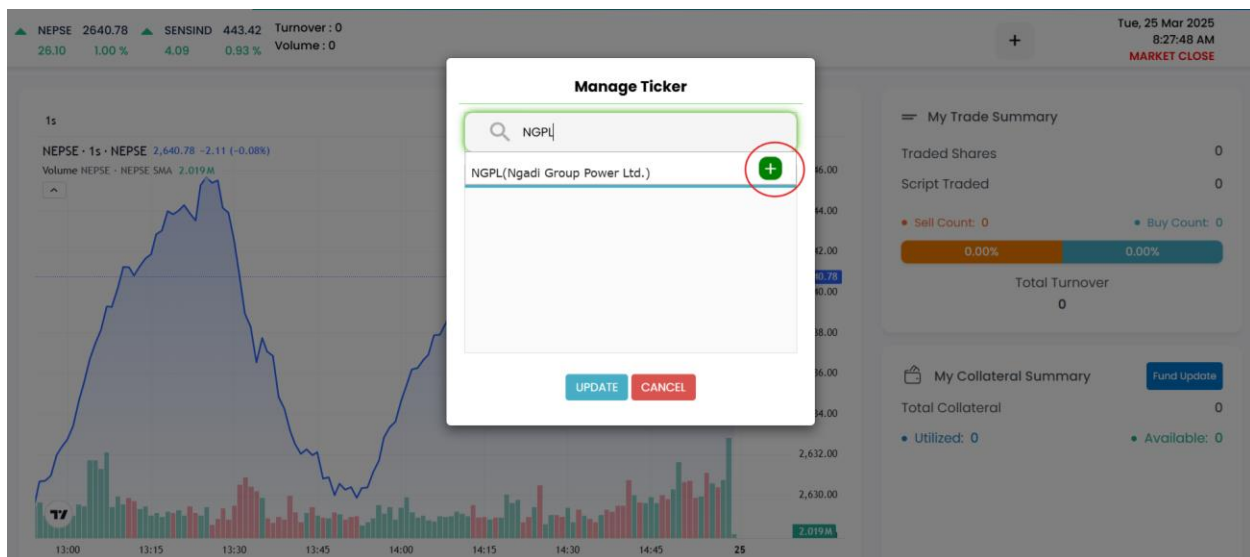

## Adding your Scripts on Manage Ticker

You can easily manage, view or remove scripts from the “Manage Ticker” section on the dashboard. To **add new scripts to Ticker**, simply **click on the plus button**.

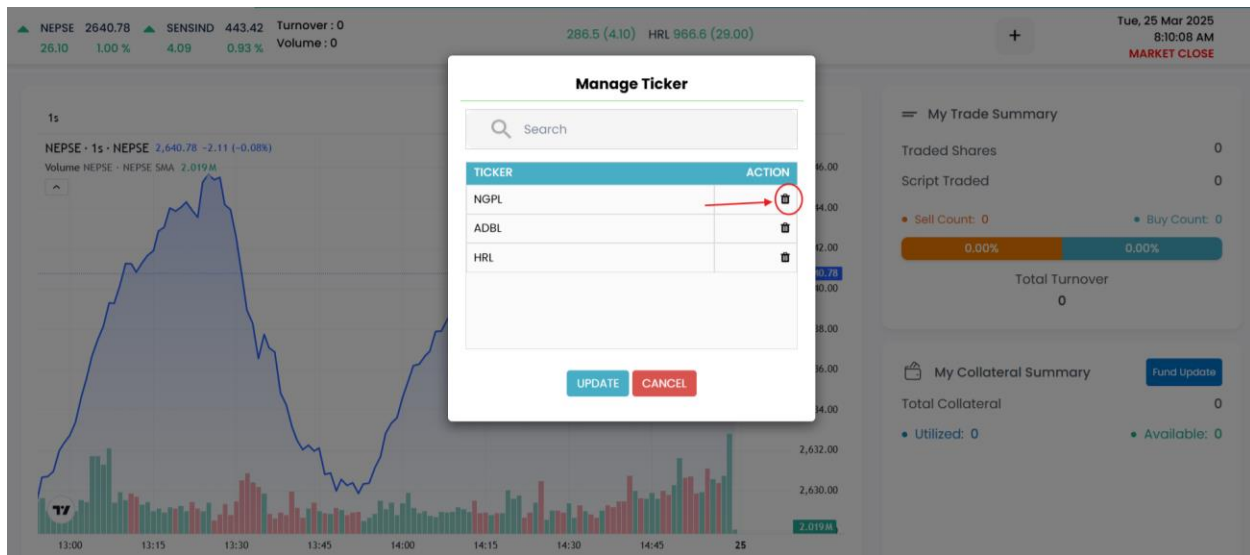

**Search for the scripts** that you want to add on Ticker, **click the plus button**, then tap **“Update”** to add them.

## Deleting Ticker from your dashboard

**Click on the plus button.** A list of scripts will appear, just tap the **delete icon** next to the one you want to remove. Finally, **click the update button** to save your changes and update the ticker list.

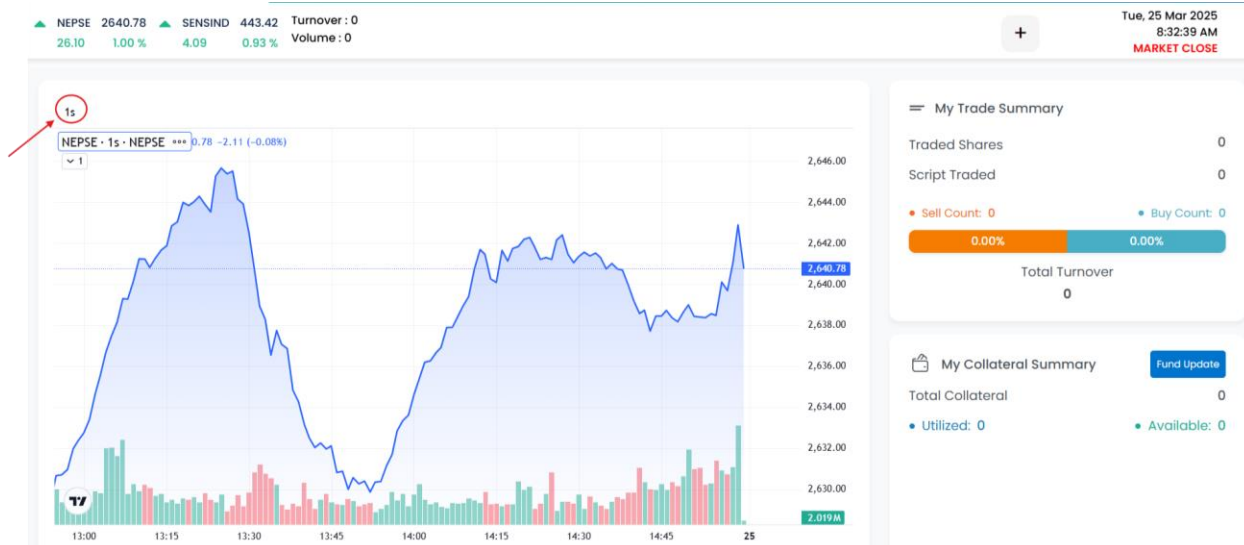

## Checking your Trade Summary

On the **right side of your chart**, you can find **total traded shares**, **total number of scripts** traded and your **total sell and buy count** based on trades executed on trading hour.

## Checking your change in NEPSE value

In the center of the dashboard, you'll find the NEPSE 1-second chart, where you can **track changes in the NEPSE value in real-time**, down to seconds, minutes, hours, or even days. Just **tap on "1s"** to view it, and you can easily adjust the time frame to suit your preferences.

## Finding Information about your Collateral

Below "My Trade Summary," you'll find "My Collateral Summary." Here, you can view your total collateral, how much is available, and how much has been utilized.

Note: When you click on "Fund Updates" or select "Fund" from the menu bar, you'll be taken to the wallet page, where you can load or refund collateral.

## Order

In the Market Watch section, you can search for various scripts to watch and trade. When you click on a script's name, everything else will minimize, and you'll see options to view details through the trend icon or use the **"B" to buy** and **"S" to sell** the script.

For complete buy and sell details, head to the Market Watch section. Click on the default dropdown, and you'll see a list of saved Market Watch, My Holdings, and Index Watch. Market Watch is fully customizable to suit your needs, while My Holdings and Index Watch are fixed, based on your available Index and DP Holdings.

When you click on **Save Ticker**, it filters the scripts, showing only the ones, you've saved, so you can easily buy or sell. Similarly, clicking on **My Holdings** will display the scripts in your portfolio.

### Market Watch

Market Watch is where you can find the watchlists created by users.

The default watchlist includes saved scripts, which will be automatically deleted at the end of the day. Save Ticker displays the scripts you've saved, while My Holdings shows the scripts in your portfolio. The Index Watchlist provides data on the scripts currently indexed in NEPSE. To add your own watchlist, simply click the plus button.
